

MDDV™

Maintenance Digital Data Viewer

Any page is a second away™

The 'Game Changer' IETM

MDDV (Maintenance Digital Data Viewer) is a complete and modular, next generation IETM. MDDV provides end-users with the *most effective* and *easy to use* IETM.

- MDDV can be provided on the internet (MDDV365), over secure networks, and on standalone laptops/tablets
- MDDV is built to provide future growth such as integration with external data systems, integration with aircraft systems, automatically provide usage information and support latest IT technologies

Zero-footprint & Agnostic

MDDV requires no installation, no maintenance and no updates. (Also, no Java, Flash, plugins, extensions, or ActiveX are used or required). It runs on any major browser (IE11, Edge, Firefox, Chrome and Safari). You can use MDDV on any computer that supports those browsers (Windows, Mac, iOS, Android and Linux).

Best Look and Feel

The MDDV user interface is clean and clear. It is customizable for various data types (Procedural, Troubleshooting, IPB/IPD, Checklists, Process, Workcards, etc.)

Zero Wait State (ZWS) IETM - Any page is a second away!

MDDV is the only IETM with Zero-Wait-State (ZWS) technology. Any page, or module, or link will open in MDDV in a second. If you find it hard to believe - ask for a demo. The size of the data and the number of links do not affect the performance - even very large data sets are this responsive.

Full support for the full S1000D Functionality Matrix

Yes, MDDV can support *any feature listed in the S1000D Functionality Matrix*, for S1000D for all issues, *including 4.2*.

Certified for Air Force Network

MDDV version 10.x is certified as application software connected to the AF Network (AFNET) and AF SIPRNet and is placed on the AF Evaluated/Approved Products List.
